Inventory

1. With upgraded tanks, you have greater mobility, and can move, and turn faster, then with lower level tanks.
2. This gives you a better chance of completing the level.
3. The Grey Tank: This is the slowest tank, with the least mobility.
4. The Camo Tank: This tank has mid-level speed, and mobility, however, it is long, thus providing more are to be struck.
5. The Brown Tank: This tank has no down-sides, and is the fastest, and most agile tanks of all.
